Docket Number: 2015-0450-WQ-E
SUPPLEMENTAL ENVIRONMENTAL PROJECT

Respondent:	Town of Shady Shores
Penalty Amount:	Eight Thousand Dollars (\$8,000)
SEP Offset Amount:	Five Thousand Dollars (\$5,000)
Type of SEP:	Contribution to a Third-Party Pre-Approved SEP
Third-Party Administrator:	Texas Association of Resource Conservation and Development Areas, Inc.
Project Name:	<i>Household Hazardous Waste Collection</i>
Location of SEP:	Denton County: Trinity River Basin, Trinity Aquifer

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment A.

1. Project Description

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Association of Resource Conservation and Development Areas, Inc. (“RC&D”)** for the *Household Hazardous Waste (“HHW”) Collection* project. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEQ (the “Project”). Specifically, the SEP Offset Amount will be used to coordinate with city and county government officials and private entities (collectively known as “Partner Entities”) to conduct events for residents to bring in HHW such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers for proper disposal (the “Project”). Where possible, the Project may also offer electronics collection, disposal, and recycling. The Third-Party Administrator shall work with Partner Entities to determine exactly which materials will be accepted and how they will be disposed of or recycled.

The Third-Party Administrator shall ensure that individuals qualified to make determinations regarding receiving, handling, and temporarily storing HHW are present at each event. Third-Party Administrator shall use only licensed haulers and authorized disposal sites.

Town of Shady Shores
Agreed Order - Attachment A

The Third-Party Administrator shall ensure that, at least 45 days before each Collection Event, Form TCEQ-20459 Notification for a Household Hazardous Waste Collection Event, as may be amended, is submitted to TCEQ in accordance with Chapter 335, Texas Administrative Code. The SEP will be performed in accordance with all federal, state, and local environmental laws and regulations.

All dollars contributed will be used for the direct cost of the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not able to be spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

b. Environmental Benefit

This SEP will provide a means of properly disposing of HHW which might otherwise be disposed of in regular landfills, storm drains, sewer systems, or other means detrimental to the environment. This SEP will provide assistance to help rid communities of the dangers and health threats associated with HHW, and will provide for proper and protective disposal or recycling of collected materials.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

After receiving notice of failure to complete the Project, the Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for the reimbursement of a SEP; shall make the check payable to "Texas Commission on Environmental Quality"; and shall mail it to:

Texas Commission on Environmental Quality

Attachment B
Docket Number: 2015-0450-WQ-E
SUPPLEMENTAL ENVIRONMENTAL PROJECT

Respondent:	Town of Shady Shores
Penalty Amount:	Eight Thousand Dollars (\$8,000)
SEP Offset Amount:	Three Thousand Dollars (\$3,000)
Type of SEP:	Contribution to a Third-Party Pre-Approved SEP
Third-Party Administrator:	Texas Association of Resource Conservation and Development Areas, Inc.
Project Name:	<i>Tire Collection Events and Cleanup of Abandoned Tire Sites</i>
Location of SEP:	Denton County: Trinity River Basin, Trinity Aquifer

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment B.

1. Project Description

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Association of Resource Conservation and Development Areas, Inc. (“RC&D”)** for the *Tire Collection Events and Cleanup of Abandoned Tire Sites* project. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEQ (the “Project”). Texas RC&D shall ensure that collected tires, debris, and waste are properly transported to and disposed at an authorized disposal site, and if a licensed hauler is needed for tires or other regulated waste collected from sites, Texas RC&D shall ensure that only properly licensed haulers are used for transport and disposal of tires and regulated wastes. The SEP will be performed in accordance with all federal, state, and local environmental laws and regulations.

Town of Shady Shores
Agreed Order - Attachment B

All dollars contributed will be used solely for the direct cost of the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not able to be spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

The Respondent's signature affixed to this Agreed Order certifies that it has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

This SEP will provide an environmental benefit by providing communities with a free and convenient means for safe and proper disposal of tires and by reducing the dangers and health threats associated with illegally dumped tires.

The health risks associated with illegal dumping are significant. Areas used for illegal tire dumping may be easily accessible to people, especially children, who are vulnerable to the physical hazards posed by abandoned tires. Rodents, insects, and other vermin attracted to dump sites may also pose health risks. Tire dump sites which contain scrap tires pose an ideal breeding ground for mosquitoes, which can breed 100 times faster in the warm, stagnant water standing in scrap tire casings. Severe illnesses, including West Nile Virus, have been attributed to disease-carrying mosquitoes. The potential for tire fires is also reduced by removing illegally dumped tires. Tire fires can result in the contamination of air, surface water, ground water, and soil. In addition, neighborhoods have been evacuated and property damage has been significant due to tire dump sites that caught fire. Illegal tire dumping can also impact drainage of runoff, making areas more susceptible to flooding when wastes block waterways. Open burning at tire dump sites can cause forest fires and erosion as fires burn away trees and undergrowth. Tire dumping has a negative impact on trees and wildlife, and runoff from tire dumpsites may contain chemicals that can contaminate wells and surface water used for drinking.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

2. Performance Schedule

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the check payable to **Texas Association of RC&D SEP** and shall mail the contribution with a copy of the Agreed Order to:

AGREED ORDER DOCKET NO. 2015-0450-WQ-E

I. JURISDICTION AND STIPULATIONS

On _____, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding the Town of Shady Shores ("Respondent") under the authority of TEX. WATER CODE CHS. 7 and 26. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent together stipulate that:

1. The Respondent owns and operates a municipal separate storm sewer system located within the Town of Shady Shores limits in the Dallas-Fort Worth-Arlington urbanized area in Denton County, Texas (the "Facility").
2. The Executive Director and the Respondent agree that the Commission has jurisdiction to enter this Agreed Order, and that the Respondent is subject to the Commission's jurisdiction.
3. The Respondent has caused, suffered, allowed or permitted the discharge of any waste or the performance of any activity in violation of TEX. WATER CODE CH. 26 or any rule, permit, or order of the Commission.
4. The Respondent received notice of the violations alleged in Section II ("Allegations") on or about March 14, 2015.
5. The occurrence of any violation is in dispute and the entry of this Agreed Order shall not constitute an admission by the Respondent of any violation alleged in Section II ("Allegations"), nor of any statute or rule.
6. An administrative penalty in the amount of Ten Thousand Dollars (\$10,000) is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations").

Two Thousand Dollars (\$2,000) is deferred contingent upon the Respondent's timely and satisfactory compliance with all the terms of this Agreed Order. The deferred amount will be waived upon full compliance with the terms of this Agreed Order. If the Respondent fails to timely and satisfactorily comply with all requirements of this Agreed Order, the Executive Director may require the Respondent to pay all or part of the deferred penalty. Eight Thousand Dollars (\$8,000) shall be conditionally offset by the Respondent's completion of two Supplemental Environmental Projects ("SEPs").

7. Any notice and procedures, which might otherwise be authorized or required in this action, are waived in the interest of a more timely resolution of the matter.
8. The Executive Director and the Respondent agree on a settlement of the matters alleged in this enforcement action, subject to final approval in accordance with 30 TEX. ADMIN. CODE § 70.10(a).
9. The Executive Director recognizes that the Respondent has implemented the following corrective measures:
 - a. On December 8, 2014, submitted a Notice of Intent ("NOI") and Stormwater Management Program ("SWMP") to the TCEQ Water Quality Division.
 - b. On April 28, 2015, obtained authorization to discharge stormwater under Texas Pollutant Discharge Elimination System ("TPDES") Small Municipal Separate Storm Sewer System ("MS4") General Permit No. TXR040581.
10. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Agreed Order.
11. This Agreed Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Agreed Order, whichever is later.
12. The provisions of this Agreed Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Agreed Order unenforceable, the remaining provisions shall be valid and enforceable.

II. ALLEGATIONS

As owner and operator of the Facility, the Respondent is alleged to have failed to maintain authorization to discharge stormwater under TPDES Small MS4 General Permit, in violation of 30 TEX. ADMIN. CODE § 281.25(a)(4) and 40 CODE OF FEDERAL REGULATIONS § 122.26(a)(9)(i)(A), as documented during an investigation conducted on February 20, 2015. Specifically, TPDES Small MS4 General Permit No. TXR040398 expired on August 13, 2012 and a NOI and SWMP were not submitted by the application deadline of June 11, 2014.

III. DENIALS

The Respondent generally denies each allegation in Section II ("Allegations").

IV. ORDERING PROVISIONS

1. It is, therefore, ordered by the TCEQ that the Respondent pay an administrative penalty as set forth in Section I, Paragraph 6 above. The payment of this administrative penalty and the Respondent's compliance with all the terms and conditions set forth in this Agreed Order resolve only the allegations in Section II. The Commission shall not be constrained in any manner from requiring corrective action or penalties for violations which are not raised here. Administrative penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: Town of Shady Shores, Docket No. 2015-0450-WQ-E" to:

Financial Administration Division, Revenue Operations Section
Attention: Cashier's Office, MC 214

2. It is further ordered that the Respondent shall implement and complete two SEPs in accordance with TEX. WATER CODE § 7.067. As set forth in Section I, Paragraph 6 above, Eight Thousand Dollars (\$8,000) of the assessed administrative penalty shall be offset with the condition that the SEPs defined in Attachments A and B, incorporated herein by reference, are implemented by the Respondent. The Respondent's obligation to pay the conditionally offset portion of the assessed administrative penalty shall be discharged upon final completion of all provisions of the SEP agreements.
3. The provisions of this Agreed Order shall apply to and be binding upon the Respondent. The Respondent is ordered to give notice of the Agreed Order to personnel who maintain day-to-day control over the Facility operations referenced in this Agreed Order.
4. If the Respondent fails to comply with any of the Ordering Provisions in this Agreed Order within the prescribed schedules, and that failure is caused solely by an act of God, war, strike, riot, or other catastrophe, the Respondent's failure to comply is not a violation of this Agreed Order. The Respondent shall have the burden of establishing to the Executive Director's satisfaction that such an event has occurred. The Respondent shall notify the Executive Director within seven days after the Respondent becomes aware of a delaying event and shall take all reasonable measures to mitigate and minimize any delay.
5. The Executive Director may grant an extension of any deadline in this Agreed Order or in any plan, report, or other document submitted pursuant to this Agreed Order, upon a written and substantiated showing of good cause. All requests for extensions by the Respondent shall be made in writing to the Executive Director. Extensions are not effective until the Respondent receives written approval from the Executive Director.

The determination of what constitutes good cause rests solely with the Executive Director.

6. This Agreed Order, issued by the Commission, shall not be admissible against the Respondent in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Agreed Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.
7. This Agreed Order may be executed in separate and multiple counterparts, which together shall constitute a single instrument. Any page of this Agreed Order may be copied, scanned, digitized, converted to electronic portable document format ("pdf"), or otherwise reproduced and may be transmitted by digital or electronic transmission, including but not limited to facsimile transmission and electronic mail. Signatures may be copied or reproduced digitally, electronically, by photocopying, engraving, imprinting, lithographing, electronic mail, facsimile transmission, stamping, or any other means or process which the Executive Director deems acceptable. In this paragraph exclusively, the terms "electronic transmission", "owner", "person", "writing", and "written" shall have the meanings assigned to them under TEX. BUS. ORG. CODE § 1.002.
8. Pursuant to 30 Tex. Admin. Code § 70.10(b) and Tex. Gov't Code § 2001.142, the effective date of this Order is the date it is signed by the Commission or the Executive Director. A copy of this fully executed Order shall be provided to each of the parties.

7. Other SEPs by TCEQ or Other Agencies

Attachment B
Docket Number: 2015-0450-WQ-E
SUPPLEMENTAL ENVIRONMENTAL PROJECT

Respondent:	Town of Shady Shores
Penalty Amount:	Eight Thousand Dollars (\$8,000)
SEP Offset Amount:	Three Thousand Dollars (\$3,000)
Type of SEP:	Contribution to a Third-Party Pre-Approved SEP
Third-Party Administrator:	Texas Association of Resource Conservation and Development Areas, Inc.
Project Name:	<i>Tire Collection Events and Cleanup of Abandoned Tire Sites</i>
Location of SEP:	Denton County: Trinity River Basin, Trinity Aquifer

The Texas Commission on Environmental Quality ("TCEQ") agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project ("SEP"). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment B.

1. Project Description

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D")** for the *Tire Collection Events and Cleanup of Abandoned Tire Sites* project. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEQ (the "Project"). Specifically, the SEP Offset Amount will be used to coordinate with local city and county government officials and private entities ("Partner Entities") to conduct tire collection events where residents will be able to drop off tires for proper disposal or recycling ("Collection Events"), or to clean sites where tires have been disposed of illegally ("Site Cleanups").

Texas RC&D shall ensure that collected tires, debris, and waste are properly transported to and disposed at an authorized disposal site, and if a licensed hauler is needed for tires or other regulated waste collected from sites, Texas RC&D shall ensure that only properly licensed haulers are used for transport and disposal of tires and regulated wastes. The SEP will be performed in accordance with all federal, state, and local environmental laws and regulations.

Town of Shady Shores
Agreed Order - Attachment B

All dollars contributed will be used solely for the direct cost of the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not able to be spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

The Respondent's signature affixed to this Agreed Order certifies that it has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

This SEP will provide an environmental benefit by providing communities with a free and convenient means for safe and proper disposal of tires and by reducing the dangers and health threats associated with illegally dumped tires.

The health risks associated with illegal dumping are significant. Areas used for illegal tire dumping may be easily accessible to people, especially children, who are vulnerable to the physical hazards posed by abandoned tires. Rodents, insects, and other vermin attracted to dump sites may also pose health risks. Tire dump sites which contain scrap tires pose an ideal breeding ground for mosquitoes, which can breed 100 times faster in the warm, stagnant water standing in scrap tire casings. Severe illnesses, including West Nile Virus, have been attributed to disease-carrying mosquitoes. The potential for tire fires is also reduced by removing illegally dumped tires. Tire fires can result in the contamination of air, surface water, ground water, and soil. In addition, neighborhoods have been evacuated and property damage has been significant due to tire dump sites that caught fire. Illegal tire dumping can also impact drainage of runoff, making areas more susceptible to flooding when wastes block waterways. Open burning at tire dump sites can cause forest fires and erosion as fires burn away trees and undergrowth. Tire dumping has a negative impact on trees and wildlife, and runoff from tire dumpsites may contain chemicals that can contaminate wells and surface water used for drinking.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

2. Performance Schedule

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the check payable to **Texas Association of RC&D SEP** and shall mail the contribution with a copy of the Agreed Order to:
